COLLAGES

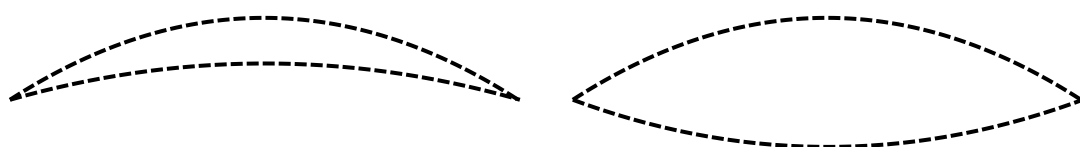

LE POISSON

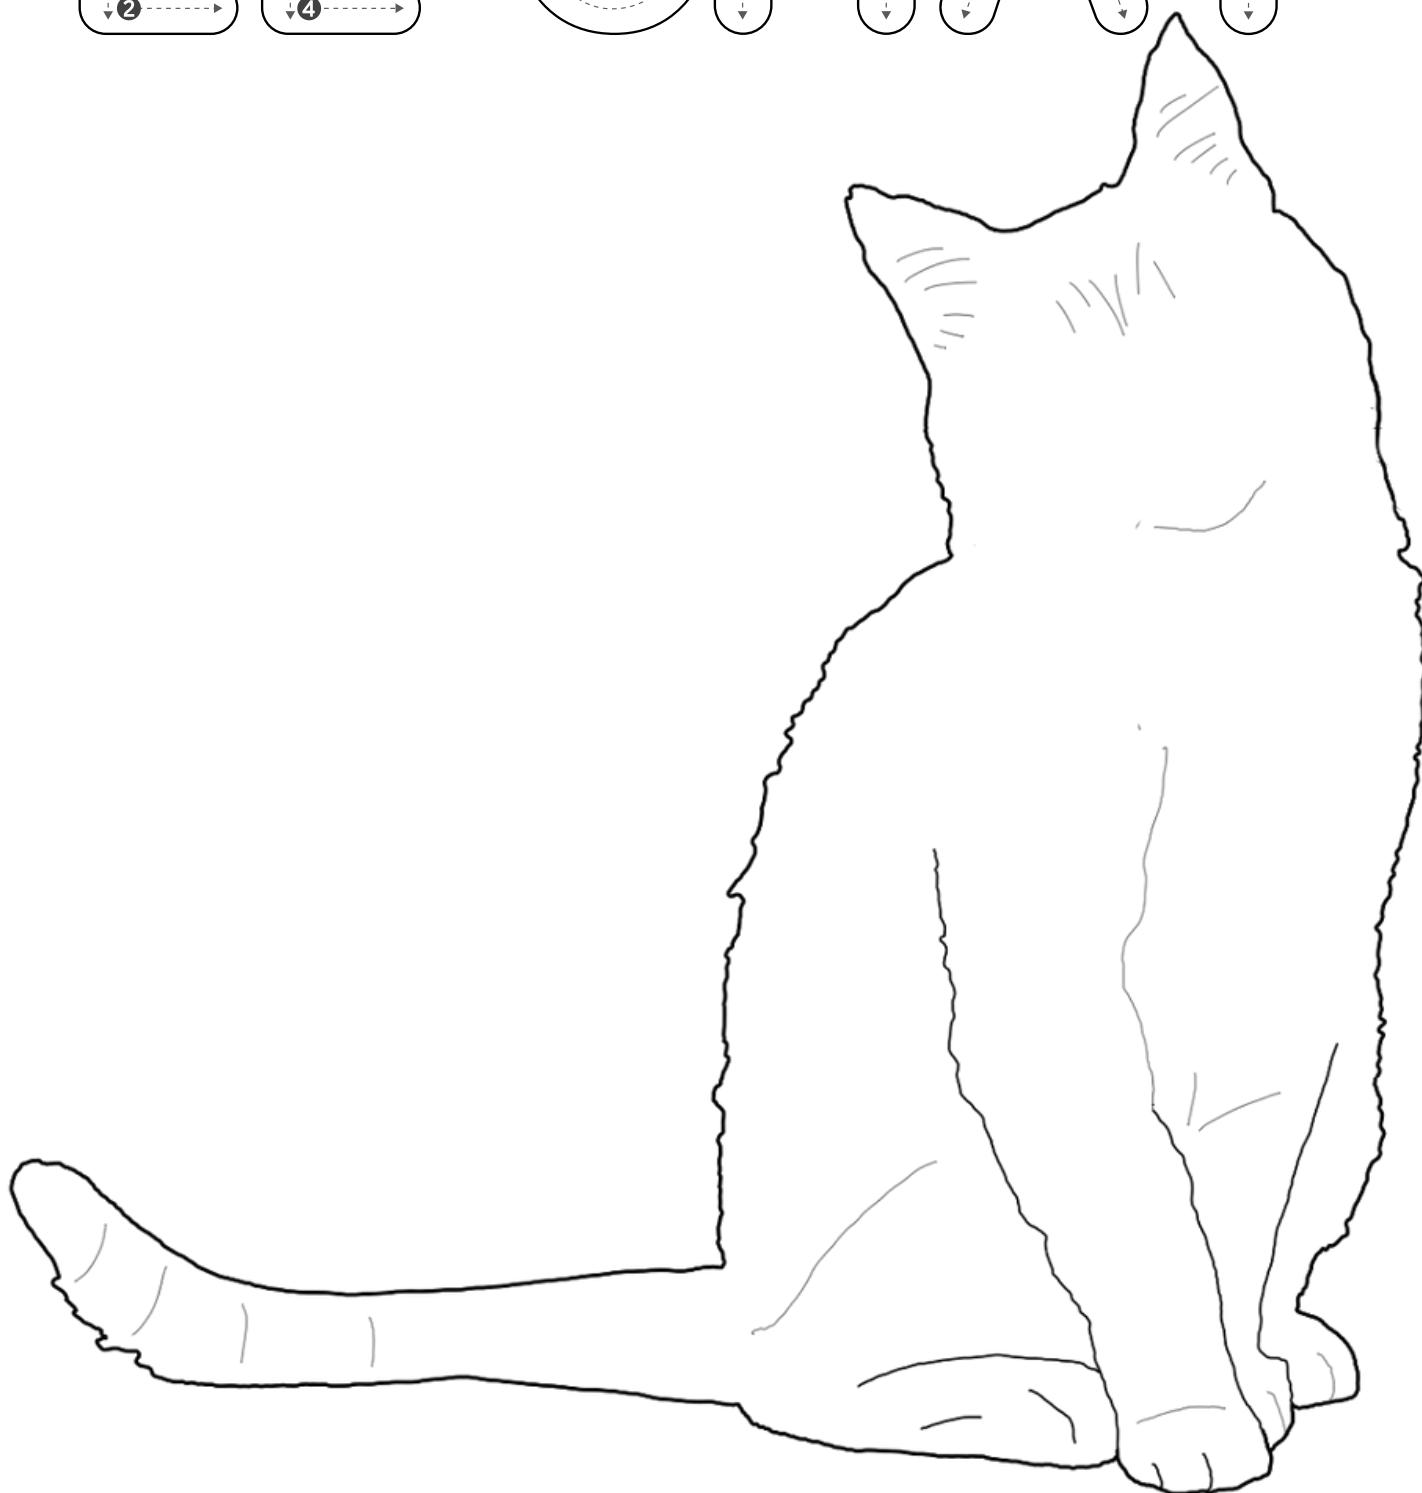

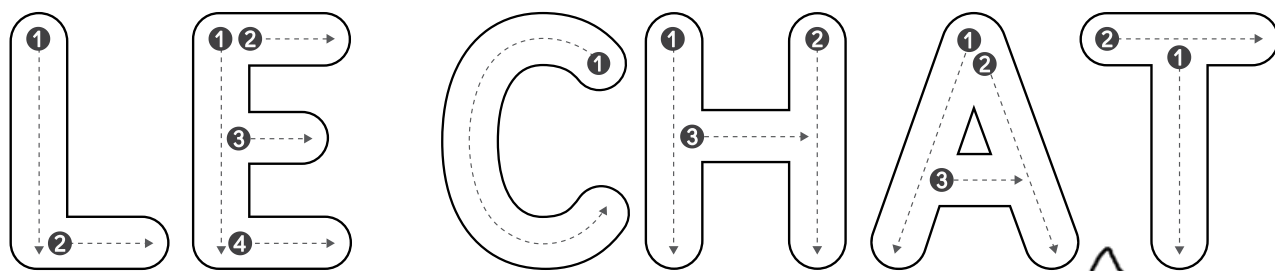

- Découpe dans des papiers colorés plein de formes comme celles - ci
- Colle-les les unes au dessus des autres, en commençant par l'arrière, pour reconstituer les écailles du poisson!

Oh, non, l'écureuil a perdu sa queue! Découpe les formes ci-dessous dans du papier de couleur et colle les le long de la ligne pointillée pour la reconstituer!

Bizarre bizarre.... on dirait que ce chat a perdu la tête!
Découpe-lui des yeux, un museau et des moustaches dans du papier coloré pour lui rendre son visage!
